WHAT'S NOT INCLUDED

- Individual travel to and from our trip destination
- Taxi to the Villa
- Personal expenses, entrance fees, etc.
- Cancellation insurance, travel insurance, any type of insurance
- Alcoholic beverages
- VAT for companies requiring an invoice

Arrival and Departure

Each participant is responsible for organizing their own travel to and from our trip destination. From the moment you arrive at the villa we take care of everything else. All details and addresses of the location will be shared after your booking is completed. After arriving at our villa, you can settle in, meet the team and the other models, and relax by the pool. The day will end with a cozy barbecue evening where we can chat and provide you with more details about the upcoming days.

Shooting Genres

The shooting areas include portrait, fashion, lifestyle, swimwear, and depending on the model, lingerie/sensual. You can see more detailed information in the model lineup.

2:1 Shooting Ratio

With 2 photographers per model, you will have plenty of time to get the perfect shot without feeling rushed. This is not a mass-production event - it's all about quality. In addition you will always have the option to book individual time directly with the model before or after the scheduled shoots.

Equipment

We recommend lenses in the range of 35-85mm. Beyond that, feel free to bring any equipment you enjoy working with. We primarily rely on the beautiful natural light of the island. However we provide strobes & reflectors that can be used optionally in case you want to use it. Depending on the location it can be cumbersome though, especially since we may walk long distances and spend a lot of time by the water. We do not take responsibility for any equipment. For backing up your photos, we recommend bringing a laptop or hard drive

Deposit

A deposit of 30% must be paid to validate your participation in the workshop. In the event of cancellation by the participant, the deposit cannot be refunded. The deposit will be refunded only in the event of cancellation by the organizer. The total amount for the workshop will be due 30 days before the workshop date.
